### How to use Mitsubishi air conditioner remote control and instructions

(Auto changeover mode) In this mode, the unit will run on HEAT or COOL depending on the room and set temperatures. Simply set the desired temperature and the inverter compressor will speed up and slow down to maintain temperature. Once the temperature is reached, the outdoor unit will slow down and eventually stop.

### HEAT Mode vs. AUTO Mode - Mitsubishi Electric

When the indoor unit is controlled with the remote controller, the operation mode, the set temperature, and the fan speed are memorized by the indoor electronic control P.C. board. "AUTO RESTART FUNCTION" automatically starts operation in the same mode just before the shutoff of the main power.
